The ChooseHealthy program is not insurance. It does not meet minimum creditable coverage requirements under the Affordable Care Act or other state law. You get discounts from participating specialty health care providers when your sponsoring organization's plan includes this feature. You must pay for all services from participating providers. Discounts will vary by type of provider and services received. The ChooseHealthy program does not make any payments to participating providers. Check any insurance benefits you have before using this discount program. Those benefits may result in lower costs to you. The ChooseHealthy program has no liability for the quality of services rendered, and it does not guarantee services or products. Discounts on products and services available through the ChooseHealthy program are subject to change. Before you enroll in ChooseHealthy, you can check currently available products and participating providers through the ChooseHealthy link on your sponsoring organizations' website. Once enrolled with ChooseHealthy, you may login directly at ChooseHealthy.com to see the same information. Not all provider types may be available in all states. You may unenroll or cancel at any time. Refunds do not apply because your sponsoring organization provides the ChooseHealthy program to you at no cost.
